OUTDOOR RECREATION & SNOW SPORTS GUIDANCE

When camping, skiing, hiking, exploring the backcountry, or engaging in any other outdoor recreation, plan your travel in a safe and responsible way. Before your outing, purchase permits and other items online or by phone. Bring your own recreational equipment, extra face coverings, disinfectant supplies, paper towels, and toilet paper. Read the full guidance - COVID-19 Industry Guidance: Campgrounds, RV Parks, Ski Operators, and Other Outdoor Recreation.

ENSURE PHYSICAL DISTANCING
Maintain six feet while waiting in lines, when setting up camp sites, and in picnic areas. Keep table and chair groups separated to encourage physical distancing from other households.

FOLLOW RULES OF THE RECREATIONAL FACILITY
Follow signs and capacity limits that promote physical distancing in buildings. Pre-plan by going online and reviewing the COVID-19 safety requirements.

VISIT PARKS THAT ARE CLOSE TO YOUR HOME
Traveling long distances can contribute to the spread of COVID-19. Avoid crowded areas and try to avoid touching shared surfaces to protect yourself and others.

HAVE A VIRTUAL EXPERIENCE WITH LOVED ONES INSTEAD
Californians should avoid non-essential travel more than 120 miles from their place of residence. Stay safe by avoiding gatherings and using technology to connect with family and friends.

STAY HOME IF YOU FEEL SICK
Do not visit parks or recreational areas if you are sick, tested positive for COVID-19, or were exposed to COVID-19 within 14 days.
