

**County of Sacramento
Environmental Management Department
Water Protection Division**

**APPLICATION FOR SEPTIC SYSTEM INSTALLATION
PERMIT BY OWNER**

**Permits To Install Septic Systems May Be Issued To The
Following Persons:**

A. Contractors with the following licenses:

- Gen A Engineering
- C-42 Sanitation
- C-36 Plumbing

B. An owner of the subject property. Owners applying for permits must adhere to one of the following conditions:

- Hire a contractor with one of the licenses listed in (A) above.
- Perform the work entirely themselves
- Hire employees to perform the work under the direct supervision of the owner.

(NOTE: This option requires that the owner maintain a workers compensation policy for those employees)

Persons taking out permits as an "owner-builder" will be required to submit a declaration stating who will be performing the work.
